Snout is a real street dog. And he's
proud of it!

He is free! Nobody tells him
what to do.

The whole city is his home!

Nevertheless, Snout is never alone. Pelle One-Eye is always with him. He is his best friend. Ever since Snout was born.

During the day, the
two of them let the
sun shine on their fur.

At night they lie
under the
starry sky.

When they are hungry,
there is always
something delicious.

Normally.

Because suddenly everything is different.

Different and simply
terrible!

And all because of Spider!

Any creepy-crawly is nicer than this guy!

Snouts food again!
Simply because he enjoys annoying
others.
