Kissing unknown boys at parties belongs to Jessa’s life like ice-cream belongs to the summer. A kiss is just a kiss and she doesn’t believe in any magic. Quinn Paxton, every school-girl’s crush and well known for his numerous affairs, thinks of this differently. He would never kiss just anyone. No wonder they attract each other’s attention. When Jessa finds out that Quinn is working at her aunt’s guest house during the summer, her world turns upside down. She doesn’t want to get confused by someone who breaks heart after heart but something is pulling her towards him.

The beautiful 19-year-old Kadlin is the only daughter of the head of the Smar-tribe. This is no easy role for a woman who is nearly grown-up and should already have been married according to the rules of her own people. But instead of being allowed to chose a man for herself, she is promised to the son of the domineering Ikol. Stubborn as she is, she leaves to bewitch the only man who she believes is her destiny: Bram, a strapping warrior of the enemy tribe. But nothing goes according to plan and Kadlin needs to flee, dressed as a boy, she finally ends up in Bram’s camp where he is preparing young warriors for their initiation rites ...

To everyone else in the world, Cey looks perfect. She is incredibly beautiful, she is also a J’ajal, which means she has super-human powers that make her a haunted creature. Nowhere does she feel at home and to no one has she ever given her heart.

The danger of being found by the Seday and forced into a system of illusions is simply too great. When she meets Xyen, one of the most powerful and attractive leaders of the Seday, it seems as if he of all people can gain her trust. But can Xyen also believe Cey?

NEW Conni
CONNI has become an independent character that girls and boys love for her straightforwardness and cuteness. Conni accompanies children in important moments in life: the first day in kindergarten or at school, their first visit at the dentist, the first sleeping-over etc. She is sympathetic, down to earth and not a “princess” type of girl.

Several board books, beautiful anthologies and lots of activity books accompany the CONNI series. When children grow up, they can proceed with the CONNI novel series aimed at 7+, 10+ and even 12+.
